# Mid Atlantic Conference: Concepts in Cardiology 2025

Saturday, Sept. 20, 2025  
Hilton Norfolk The Main  
Norfolk, VA 23510

# Join us for the 6th Annual Cardiovascular Conference

Sentara brings together experts to present the most contemporary strategies for the detection, prevention, and treatment of cardiovascular disease. We will review actual cases and discuss the latest recommendations for management and treatment of valvular heart disease, atrial fibrillation, latest in imaging, and a spotlight on current trends in heart failure. The goal is to help physicians and healthcare professionals make better informed decisions regarding the care of their cardiovascular patients.

## **This course is intended for:**

- Cardiologists
- Surgeons
- Internal medicine
- Fellows/Residents
- Nurse practitioners
- Physician assistants
- EMTs
- Paramedics
- Allied health professionals
- Advanced practice providers
- RICS, RCES, RCS
- Students

Credits: AMA PRA Category 1 Credits™ (6.5 hours), Non-Physician Attendance (6.5 hours)
