## How to personalize your schedule

 $1. \ {\rm Go} \ {\rm to} \ {\rm the} \ {\rm Gear} \ {\rm on} \ {\rm your} \ {\rm schedule} \ {\rm view}$ 

2. You will get a pop-up box to choose components to add to your schedule - type in HCC in the search box and look for

## a. <u>HCC Potential</u> <u>score</u> -this is the total score

b. <u>HCC Score</u> – this is what is already coded

## c. <u>HCC Score Gap</u> – this is what is left to code

d. <u>HCC Needs</u> <u>Refresh</u> <u>Diagnoses</u> – this is a list of the remaining HCCs that need to be coded

## e. <u>Suspect Dx</u> –

This is a list of the Epic or Coder inferred suspect

Dx that need to be coded if appropriate

f. <u>AWV Due</u> – This will flag you if the patient is due for their AWV

g. *Pre-Visit Planning Exists* – this will let you know if PVP has been done
